

Downtown Moultrie made a difference in 2025!

In 2025, the City of Moultrie’s Downtown Economic Development & Public Relations Department, through the Main Street Program, continued to strengthen the local economy and community vibrancy by supporting business growth, fostering investment, and creating opportunities for residents and visitors alike. Building on prior momentum, the organization helped drive new business openings, job creation, and increased private and public investment, while also hosting community events and volunteer initiatives that brought people together and energized downtown. These efforts contributed to a more resilient and connected community, positioning Moultrie for sustained growth and long-term success.

GEMS (Georgia Exceptional Main Street)

Economic Vitality

In 2025, the Main Street office drove significant economic impact by supporting new business development and expanding existing enterprises, leading to job creation and increased local investment. These efforts strengthened the tax base and reinforced downtown Moultrie as a hub for sustainable economic growth.

Promotion

In 2025, downtown Moultrie's visibility was elevated through strategic marketing campaigns, community events, and partnerships that attracted both residents and visitors. These promotional efforts increased foot traffic, supported local businesses, and strengthened community pride.

Organization

In 2025, Moultrie celebrated strong progress in economic development, downtown revitalization, and community engagement. New investments, business growth, and well-attended events reflected the community's continued momentum.

Design

In 2025, downtown Moultrie's visual appeal was improved through façade improvements, beautification projects, and thoughtful design initiatives that strengthened Moultrie's character.

About Georgia Main Street

Housed within the Georgia Department of Community Affairs (DCA) Office of Downtown Development, the Georgia Main Street Program has helped strengthen historic downtowns since 1980. As one of the original state coordinating programs in the National Main Street movement, Georgia Main Street now serves more than 100 communities statewide, supporting revitalization, historic preservation, small business growth, private investment, and public-private partnerships that help create thriving local economies.
